

The Progressive Era

Political Cartoon Project

Part I:

Each student or small group (1 to 3 students) will locate and print three political cartoons from the Progressive Era. Briefly (one or two typed paragraphs) explain each. Be sure to cite the source and date.

Part II:

Each student or small group will choose legislation, a person or event from the Progressive Era and create an informative and creative political cartoon.

Research is required and a works cited page with at least three sources must accompany the cartoon.

Like all political cartoons, each must have a message that is conveyed through the artwork and/or caption. Have fun.

Due Date: _____
