Overview

Our AP class is designed at the college level to provide you with the analytical skills, factual knowledge, and writing abilities necessary to deal effectively with the people, issues, movements and events in the United States' past. Specifically, AP US History II covers the periods in United States history from the late 19th Century to the present. Our enriching journey will culminate with the college-level AP exam on Friday morning, May 11, 2012.

Evaluation

Grades are determined by the number of points earned on each assignment out of the total number of points for all assignments. Each assignment, project, quiz, and test will have a point value. We will have frequent quizzes and difficult exams using multiple choice, DBQ, and essay test questions. In addition, we will engage in various group and individual research activities throughout the year. Homework will include reading and noting the text and completing identifications. Also, supplemental texts and readings, as well as written coursework will frequently be assigned.

Assignments

- All assignments must be word processed on standard, white paper except for Identifications, which must be handwritten.
- Students may work together on Identifications, however each must hand in his/her own, handwritten copy. **This is the only homework assignment that students may collaborate on and handwrite; all else must be each student's original work and typed.**
- Use a single staple on the top left corner of your packet.
- **All assignments must be handed in directly to me to receive credit.** Email assignments are *not* accepted and assignments may *not* be left in my mailbox.
- Assignments & Notes are posted on my website. It is the students' responsibility to check the site daily for updates. Please see me if you do not have Internet access.
